2010 AUDI A4 2.0L L4 Turbocharged Ball Joint | RockAuto

A ball joint is a necessary component of virtually any modern suspension system, with no exception for the one fitted to your Audi A4. What a ball joint is capable of is forming a link with two degrees of freedom. It's essential for steerable wheels, which must turn right and left while moving up and down. Fairly simple and strong, the ball joint belongs to the parts that can be characterized as stress concentrators.
