### Art And Psychoanalysis

Psychoanalysis and art share important pathways to increase connection to self, creativity, and resilience. As both an artist and therapist who has spent many years engaged with psychoanalysis, I have often wondered about the connections between the psychological and emotional meanings of making my own art and the experience of being a therapist.

Art and Psychoanalysis is a terrific read which combines scholarly commentary and a lively witty tone. Specialists will find plenty of information scattered throughout while the novice will not be overwhelmed by esoteric terms. This book is helped by several brilliant contributions by Bradley Collins to be found in the footnotes.

### Amazon.com: Art And Psychoanalysis (Icon Editions ...

Art history and psychoanalysis are interdisciplinary subjects that rely on imagery for their very existence. Works of art are, by definition, images, whether these are two- or three-dimensional. Psychoanalytic interpretation, both clinical and as applied to other fields, deals with the observation and analysis of imagery: in dreams, symptom formation, symbolism, and fantasy.

### Art and Psychoanalysis - Art History - Oxford Bibliographies

In art, just like in psychoanalysis, we create a parallel reality, a representational reality, a reality that is not the objective one, and yet we fully participate in it with our real feelings, thoughts and desires—and that makes it even more meaningful, more real than the actual reality.
