Today's new breed, eXtreme projects are different. They feature high speed, high change, high complexity, high risk, and high stress. While traditional projects follow the classic model of ready, aim, fire, eXtreme project managers succeed by shooting the gun and then redirecting the bullet while not losing sight of their moving target. eXtreme Project Management provides a practical guide for leaders working under high risk and high pressure while producing the desired bottom-line results. Based on Doug DeCarlo's extensive experience in working with more than 250 project teams, his eXtreme project management model is built around an integrated set of principles, values, skills, tools, and practices proven to consistently work under conditions of rapid change and uncertainty. eXtreme project management is based on the premise that you don't manage the unknown the same way you manage the known. It's a people-centric approach to high performance that makes quality of life a fundamental part of the project venture.

This book contains the full proceedings of the 2015 Academy of Marketing Science Annual Conference held in Denver, Colorado. Marketing has become ubiquitous: it doesn't matter who you are, where you are or what you are doing, you cannot escape it. In these times of instantaneous news, information and entertainment, everyone is exposed to messages from the moment they awake until the minute they drift off to sleep. America spends the most money in the world on advertising and other marketing communication. So, it could be said that marketing is America's pastime, as much so as the classics: baseball, hot dogs, and apple pie. Under the theme of | Celebrating America's Pastimes: Baseball, Hot Dogs, Apple Pie and Marketing|, this volume discusses all of the good things that marketing can do. Showcasing research from academics, scholars and practitioners from around the world, this volume provides insight and strategies that will help marketers move forward and focus on the positive that marketing can provide to consumers, stakeholders and society. Founded in 1971, the Academy of Marketing Science is an international organization dedicated to promoting timely explorations of phenomena related to the science of marketing in theory, research, and practice. Among its services to members and the community at large, the Academy offers conferences, congresses and symposia that attract delegates from around the world. Presentations from these events are published in this Proceedings series, which offers a comprehensive archive of volumes reflecting the evolution of the field. Volumes deliver cutting-edge research and insights, complimenting the Academy's flagship journals, Journal of the Academy of Marketing Science (JAMS) and AMS Review. Volumes are edited by leading scholars and practitioners across a wide range of subject areas in marketing science.

Recreates the experience of dozens of projects, both successful and failed, to provide a real-world context for learning.

Can you succeed in business when your strength is more about sensitivity than swagger? If you're moved by meaning, more than manipulation? In other words: Can you succeed while still being you? Christine Kane is living proof that the answer is yes. Far too many of us have swallowed the notion that business owners have to be a certain way to be successful—strategy-obsessed, data-driven, and relentlessly aggressive. Bookstore shelves are lined with guides for entrepreneurs that urge them to "Crush it! "10X It!" or "Unf\*\*k it!" Those who aren't crushers or unf\*\*kers of anything are left wondering if something's wrong with them. Like, maybe they're just not cut out for business. A former songwriter and performer, and then founder of Uplevel YOU—a multi-million-dollar business coaching company—Christine Kane shows a new class of entrepreneurs another way. It's time to connect, not crush. In *The Soul-Sourced Entrepreneur*, Kane shares the insights that have helped thousands find success without losing themselves. In these pages, readers will find a practical plan to:

- Toss out ineffective, old-school goal-setting models.
- Reframe your intuition and sensitivity as valuable assets, not as flaws to hide.
- Examine old patterns for clues as to what's been holding you back.
- Clean up the spaces and distractions draining your energy and power.
- Learn to confidently trust in your own wisdom.
- Break free from fear-based decision-making that plagues most businesses.

Throughout the book, you'll hear stories from other soul-sourced entrepreneurs, who employ their own reliable, unique set of best practices based as much in intuition and self-awareness as on specific skills and strategies. Forget business as usual. Your business is personal, and in this new era, authenticity, creativity, and sensitivity are what set businesses apart. *The Soul-Sourced Entrepreneur* is your unconventional plan to build the business of your dreams, and being wildly successful by being you.
