The automotive industry appears close to substantial change engendered by "self-driving" technologies. This technology offers the possibility of significant benefits to social welfare—saving lives; reducing crashes, congestion, fuel consumption, and pollution; increasing mobility for the disabled; and ultimately improving land use. This report is intended as a guide for state and federal policymakers on the many issues that this technology raises.

Alex and Conner Bailey's world is about to change. When the twins' grandmother gives them a treasured fairy-tale book, they have no idea they're about to enter a land beyond all imagining: the Land of Stories, where fairy tales are real. But as Alex and Conner soon discover, the stories they know so well haven't ended in this magical land - Goldilocks is now a wanted fugitive, Red Riding Hood has her own kingdom, and Queen Cinderella is about to become a mother! The twins know they must get back home somehow. But with the legendary Evil Queen hot on their trail, will they ever find the way? The Land of Stories: The Wishing Spell brings readers on a thrilling quest filled with magic spells, laugh-out-loud humour and page-turning adventure.
