Nervous to Approach and Talk to Women 1-on-1?  
Wipe Your Tears -- The Final Solution is  
Here... ?Currently, buy the Paperback and get  
the Kindle eBook included for free. Soon, it  
won't be free? If anyone had told me I'd be  
amazing and confident in getting women some  
years ago, I wouldn't believe. I have been  
through what you're going through. I was  
scared to approach and talk to the women I  
liked. After so much frustration, I decided  
enough was enough--just the same way you have  
finally decided and ended up here, which is  
the best place to discover all the things  
dating gurus will never tell you about  
approaching beautiful women the right way. In  
Chapter 1, WWWW, we gave a list of words  
that'll appear as we learn the craft of  
approaching a woman. We discussed the only  
two types of ways to woo her which are ID (In-  
Direct opener) and DO (Direct Opener), and  
how they're applied with examples. We looked  
into nervousness. We looked into the Five  
WWWWWs of starting a conversation with a  
woman which are: Where, When, Why, What, &  
Which. And we finally added extra examples of  
DO and ID. In Chapter 2, Operation Rejection,  
shortened as ORej. We talked on approaching  
women while having rejection as your most  
important outcome. If you're not rejected,  
it's a failure. Being rejected is a success.  
We looked into 7 different "How Tos" which  
are: how to woo a seated girl (in any

settings); how to woo in class, school, gym centers, gatherings, events and parties; how to woo at the workplace or in an office; how to woo a girl who makes you nervous; how to woo a stubborn girl; how to woo a girl at the market or mall, and how to woo a girl on the queue (any queue) with some examples for each. In Chapter 3, ON/OFF, we discussed how Push and Pull (PP) works with some examples. We talked on the types of push and pull. We also looked into things you'll have or be that'll make you never to be nervous around girls. We gave an example on building rapport with Sad Anchor and other explanations. In Chapter 4, look inside to see what it's all about. In Chapter 5, Accidental Accusation, we talked on how to accuse a girl to start a conversation. This technique gets a woman hooked with curiosity. We looked into psychological compliments and humor with some examples of how they work. We briefly discussed how to treat a woman and how to book a date. I told some personal stories and gave some examples. We also discussed one of the keys to dating. We talked about flaking and how to handle women's insult and convert them to compliments. In Chapter 6, Legends' Magic. This is one of the most important chapters, because we gave some brief explanations on other things and finally looked into the magic formula to come up with your personal conversations. We discussed the mighty EARTH formulas. The three types and gave an example of each. We have iEarth,

EARTH, and EARTHics. In Chapter 7, Kidding, we gave a list of childish and stupid pick-up lines which will not make sense to men, but women will laugh when they hear some of them. We gave an example on iSHY wooing/chatting technique. In Chapter 8, Mindset. We talked on how you should not start a conversation from the beginning, but always from the middle. We talked on how to woo a lady you haven't seen before. We equally discussed how to use arrogance and humor to woo a lady. We discussed a good-bad boy and a typical bad boy and much more Finally, we revealed something that'll FOREVER change your life in the dating game and stay ahead of other men with picture illustrations. Be Fearless is researched-based call to action for those seeking to live extraordinary lives and bring about transformational change. LOS ANGELES TIMES BESTSELLER \* NATIONAL BESTSELLER Weaving together storytelling, practical tips and inspiration, the book will teach you how to put the five fearless principles to work so that you too can spark the sorts of remarkable breakthroughs that can impact the world. Philanthropist, investor, and technology pioneer Jean Case brings to life the five Be Fearless principles common to the people and organizations that bring about transformational change. When National Geographic Chairman Jean Case set out to investigate the core qualities of great change makers, past and present, from inventors to revolutionaries, she found five surprising traits they all had in common. These weren't wealth, privilege, or even genius. What all of these exceptional men and women shared was that they had chosen to make a "big bet," take bold risks, learn from their failures, reach beyond their bubbles, and let urgency conquer fear. Throughout Be Fearless, Jean vividly illustrates these principles through storytelling—from her own transformational life experiences, to Jane Goodall's remarkable breakthroughs in understanding and protecting chimpanzees, to celebrity chef José Andrés' decision to be a

Kennedy’s history-making moonshot—and gems from changemakers you’ve never heard of. Be Fearless features a compelling foreword from Jane Goodall saying “there is no time in history when it has been more important to Be Fearless” and a new afterword with stories of people inspired to take action after reading the book.

Women tend to be inherently cautious, to the point of overthinking their every move. This may help them stay safer than their male

counterparts, but it also keeps them stuck in the action-first, fake-it-til-you-make-it ethos celebrated in the tech world shaking up the workforce today. What if women embraced the startup spirit? What if they had the confidence to take chances, even if they knew they may fail first? What if instead of agonizing over which step to take, they leapt forward quickly? These are the traits that helped Silicon Valley redefine our culture, and not surprisingly, these are the same lessons that can help all women succeed in all stages of their careers. In *Fearless and Free*, author Wendy Sachs has provided what *O, The Oprah Magazine* has called “pithy, invaluable guidance to women stymied in the workplace.” With lessons learned from a wide range of women who faced down fears, roadblocks, and failures to reinvent themselves, Sachs’s invaluable resource teaches women how to:

- Boost their confidence
- Sell their story
- Capitalize on their skills and expand them
- Nurture their network
- Brand themselves--without bragging
- Reposition themselves for reentering the workforce

And much more! By taking the disruptive methods that helped Silicon Valley send shockwaves across industries, *Fearless and Free* seeks to empower women in the workforce, showing them how to lean into their strengths, increase confidence, and make their impact known loud and clear.

You need a strategy for communicating your achievements and skill sets to others. Meredith Fineman has built a thriving career training the Qualified Quiet-competent professionals who struggle to communicate their worth to others. Rather than pretending that you're more qualified or confident than you are, or inserting self-promotion into conversations at inappropriate times, Fineman advocates finding quiet confidence in your opinions, abilities, and background, and then turning up the volume. In this book, Fineman shares the game-changing tools she's developed over the past decade that make bragging feel easy, including-

Author, syndicated columnist, occasional actress, and businesswoman Ariana Huffington examines the ways in which fear affects the lives of women, and the steps anyone can take to conquer fear. Observing that her own teenage daughters were beginning to experience some of the same fears that had once burdened her -- How attractive am I? Do people like me? Do I dare speak up? -- Arianna Huffington was compelled to look at the subject and impact of fear. In stories drawn from her own experiences and with contributions from Nora Ephron, Diane Keaton and many others, she points toward the

moments of extraordinary strength, courage, and resilience that result from confronting and overcoming fear. Her book shows us how to become bold from the inside out: from feeling comfortable in our own skin, to getting what we want in love and at work, to changing the world.
