Sì, è necessario continuare a diffondere gli insegnamenti dello Spiritualismo, anche in Italia. Nel corso dei secoli, lo Spiritualismo è sempre stato ostacolato, eppure, con definizioni diverse da quella di oggi, è il movimento più antico conosciuto nel mondo; è sempre la stessa forza dello Spirito che è in funzione. La comunicazione fra i due mondi viene portata avanti in obbedienza alle leggi di Dio. La filosofia degli insegnamenti che troverete in questo libro, rivela una conoscenza vera del concetto di Dio, che non ha bisogno di intermediari come le chiese e la teologia. Rivelano il legame della medianità con Dio; ci riportano gli unici strumenti che servono per ragionare sulla religiosità. La dimostrazione che la vita è eterna, che lo spirito, l' anima, sono immortali, come ci dimostra la medianità, ha lo scopo di riportarci all' autentica conoscenza di Dio, come già fece Gesù Cristo. L' insegnamento di Cristo è stato perso, in molti dei suoi aspetti, proprio dalla teologia e dalle chiese. Gli insegnamenti dello Spiritualismo ci portano a comprendere perché la medianità sia un dono sacro al servizio di Dio, sempre, che non ha il solo scopo di dimostrarci che la vita è eterna, ma ci porta alla conoscenza che tutto è in comunione con Dio; tutti siamo parte dello Spirito Infinito di Dio. È disponibile il libro con testo inglese e traduzione in italiano.

Told with P. D. James's trademark suspense, insightful characterization, and riveting storytelling, *The Children of Men* is a story of a world with no children and no future. The human race has become infertile, and the last generation to be born is now adult. Civilization itself is crumbling as suicide and despair become commonplace. Oxford historian Theodore Faron, apathetic toward a future without a future, spends most of his time reminiscing. Then he is approached by Julian, a bright, attractive woman who wants him to help get her an audience with his cousin, the powerful Warden of England. She and her band of unlikely revolutionaries may just awaken his desire to live . . . and they may also hold the key to survival for the human race.

Yes, it is necessary to keep on spreading the teachings of Spiritualism, even in Italy. Throughout the centuries Spiritualism has always been hindered, yet, with different definitions from the one we use today, it is the oldest movement known in the world; it is always the same force of the Spirit that is in operation. The philosophy of teachings like the ones you will find in this book, reveals a true knowledge of the concept of God, one that does not need intermediaries like churches or theology. It reveals the bond of mediumship with God; it brings back

to us the instruments we need to reason on religiosity. The demonstration mediumship gives us that life is eternal, that the spirit and the soul are immortal, has the purpose of bringing us back to the authentic knowledge of God, as Jesus already did. But Jesus Christ ' s teaching has been lost, in many of its aspects, by churches and by theology themselves. The teachings of Spiritualism lead us to understand why each form of mediumship is a sacred gift at God ' s service, always, whose purpose is not only to prove us that life is eternal, but also to make us aware that everything is in communion with God; we are all part of the infinite Spirit of God. The book is available with English text and Italian translation.

The Soils of Italy is the first comprehensive book on Italian pedology in seventy years. Taking advantage of the authors ' large experience and of the most up-to-date information and technology, this book treats the main soil types of Italy, their diffusion, their functions, ecological use, and the threats to which they are subjected during centuries of intensive management. It also deals with future scenarios of the relationships between soil science and other disciplines, such as urban development, medicine, economics, sociology, and archaeology. The description of the soils is accompanied by a complete set of data, pictures and maps, including benchmark profiles. Factors of soil formation are also treated, making use of new, unpublished data and elaborations. The book also includes a history of pedological research in Italy, spanning over a century.

By the New York Times bestselling author of *The Bone Clocks* | Shortlisted for the Man Booker Prize A postmodern visionary and one of the leading voices in twenty-first-century fiction, David Mitchell combines flat-out adventure, a Nabokovian love of puzzles, a keen eye for character, and a taste for mind-bending, philosophical and scientific speculation in the tradition of Umberto Eco, Haruki Murakami, and Philip K. Dick. The result is brilliantly original fiction as profound as it is playful. In this groundbreaking novel, an influential favorite among a new generation of writers, Mitchell explores with daring artistry fundamental questions of reality and identity. *Cloud Atlas* begins in 1850 with Adam Ewing, an American notary voyaging from the Chatham Isles to his home in California. Along the way, Ewing is befriended by a physician, Dr. Goose, who begins to treat him for a rare species of brain parasite. . . . Abruptly, the action jumps to Belgium in 1931, where Robert Frobisher, a disinherited bisexual composer, contrives his way into the household of an infirm maestro who has a beguiling wife and a nubile daughter. . . . From there we jump to the West Coast in the 1970s and a troubled reporter named Luisa Rey, who stumbles upon a web of corporate greed and murder that threatens to claim her life. . . . And onward, with dazzling virtuosity, to an inglorious present-day England; to a Korean superstate of the near future where neocapitalism has run amok; and, finally, to a postapocalyptic Iron Age Hawaii in the last days of history. But the story doesn ' t end even there. The narrative then boomerangs back through centuries and space, returning by the same route, in reverse, to its starting point. Along the way, Mitchell reveals how his disparate characters connect, how their fates intertwine, and how their souls drift across time like clouds across the sky. As wild as a videogame, as mysterious as a Zen koan, *Cloud Atlas* is an unforgettable tour de force that, like its incomparable author, has transcended its cult classic status to become a worldwide phenomenon. Praise for *Cloud Atlas* " [David] Mitchell is, clearly, a genius. He writes as though at the helm of some perpetual dream machine, can evidently do anything, and his ambition is written in magma across this novel ' s every page. " —The New York Times Book Review " One of those how-the-holy-hell-did-he-do-it? modern classics that no doubt is—and should be—read by any student of contemporary literature. " —Dave Eggers " Wildly entertaining . . . a head rush, both action-packed and chillingly ruminative. " —People " The novel as series of nested dolls or Chinese boxes, a puzzle-book, and yet—not just dazzling, amusing, or clever but heartbreaking and passionate, too. I ' ve never read anything quite like it, and I ' m grateful to have lived, for a while, in all its many worlds. " —Michael Chabon " *Cloud Atlas* ought to make [Mitchell] famous on both sides of the Atlantic as a writer whose fearlessness is matched by his talent. " —The Washington Post Book World " Thrilling . . . One of the biggest joys in *Cloud Atlas* is watching Mitchell sashay from genre to genre without a hitch in his dance step. " —Boston Sunday Globe " Grand and elaborate . . . [Mitchell] creates a world and language at once foreign and strange, yet strikingly familiar and intimate. " —Los Angeles Times
