" (1897), his most comprehensive essay on the theory of art. Tolstoy ' s theory has a lot of charming aspects. He believes that art is a means of communicating emotion, with the aim of promoting mutual understanding.

Leo Tolstoy: What Is Art? (Detailed Breakdown Of His ...

What is Art? is a book by Leo Tolstoy. It was completed in Russian in 1897 but first published in English due to difficulties with the Russian censors. Tolstoy cites the time, effort, public funds, and public respect spent on art and artists as well as the imprecision of general opinions on art as reason for writing the book. In his words, "it is difficult to say what is meant by art, and especially what is good, useful art, art for the sake of which we might condone such sacrifices as are being

What Is Art? - Wikipedia

For Leo Tolstoy, art is a human activity which consists in conveying feelings (emotions) by external signs. Art doesn't consist in creating beauty or pleasure or in expressing emotions, but in infecting people with feelings. The worth of these feelings is determined by the religious consciousness (Christianity) of what is good or bad.

What is Art? (Penguin Classics): Amazon.co.uk: Tolstoy ...

To evoke in oneself a feeling one has once experienced, and having evoked it in oneself, then, by means of movements, lines, colors, sounds, or forms expressed in words, so to transmit that feeling that others may experience the same feeling — this is the activity of art. Art is primarily an activity.

Tolstoy: What is Art?

What is Art? is a book by Leo Tolstoy. It was completed in Russian in 1897 but first published in English due to difficulties with the Russian censors. Tolstoy cites the time, effort, public funds, and public respect spent on art and artists as well as the imprecision of general opinions on art as reason for writing the book.

What Is Art? by Leo Tolstoy - Goodreads

For Tolstoy, art is a means of communication which allows man to feel the same emotions of the artist who expressed them. As a result, art becomes significant because it has the capacity to unite mankind in terms of feelings. Tolstoy has several considerations before formulating this definition.

" What is Art? " by Leo Tolstoy Essay | StudyHippo.com

Art is a human activity consisting in this, that one man consciously, by means of certain external signs, hands on to others feelings he has lived through, and that other people are infected by these feelings and also experience them.

What Is Art? Analysis - eNotes.com

Tolstoy ' s book concerns how art can express ideas of how to act right and what it ' s purpose is. According to Tolstoy art is the intentional communication of an emotion from the artist to the audience where the hope is that the audience feels the emotion felt by the artist. This definition of art varies from other philosophies.

What Is Art? eBook: Tolstoy, Leo, Chundamala, Chris ...

Tolstoy ' s " What is Art? " contains within it artistically written descriptions, examples, or experiences which comply perfectly with his requirements for a rebirth of genuine art, preparing the way for it in the reader ' s thoughts and emotions. Tolstoy creates a yearning for genuine and wholesome forms of art.

Reflections on Tolstoy ' s " What is Art? " Relevant to Our ...

Tolstoy moreover argues that his view of art was widely shared in the epochs before the European Renaissance: the Greeks, the Jews, the Romans, the Chinese—they all expected art to subserve religion and to unite their communities around shared values that, from Tolstoy ' s perspective, represented authentic stages in human progress before the revelation of Christ ' s true message.

Leo Tolstoy, What Is Art? – John Pistelli

Unlike many works of aesthetics which tend to be overly abstract and dense, using technical terms from philosophy and a layering of sophisticated concepts, What is Art by Leo Tolstoy is as clear as clear can be, using language and ideas anybody can understand. Tolstoy is passionate about art and art's place within human experience.

Amazon.com: What Is Art? (9780872202955): Tolstoy, Leo ...

Tolstoy's aesthetic criteria and is art but that its effect on its public is morally bad.

What Is Art? - JSTOR

For Tolstoy, art was as natural and as necessary for humankind as speech. In his introduction to this translation, W. Gareth Jones shows how vitally Tolstoy's personality and experience of life were engaged in creating What is Art?, how integral the essay was to his art and teaching, and why it continues to demand a response from us.

Tolstoy: What is Art?: L.N. Tolstoy: Bristol Classical Press

The works of Dante, Michelangelo, Shakespeare, Beethoven, Baudelaire and Wagner are all vigorously condemned, as Tolstoy explores what he believes to be the spiritual role of the artist - arguing that true art must work with religion and science as a force for the advancement of mankind.

During his decades of world fame as a novelist, Tolstoy also wrote prolifically in a series of essays and polemics on issues of morality, social justice and religion. These works culminated in What is Art?, published in 1898. Impassioned and iconoclastic, this powerfully influential work both criticizes the elitist nature of art in nineteenth-century Western society, and rejects the idea that its sole purpose should be the creation of beauty. The works of Dante, Michelangelo, Shakespeare, Beethoven, Baudelaire and Wagner are all vigorously condemned, as Tolstoy explores what he believes to be the spiritual role of the artist - arguing that true art must work with religion and science as a force for the advancement of mankind.

Maude's excellent translation of Tolstoy's treatise on the emotionalist theory of art was the first unexpurgated version of the work to appear in any languages. More than ninety years later this work remains, as Vincent Tomas observed, one of the most rigorous attacks on formalism and on the doctrine of art for art's sake ever written. Tomas's Introduction makes this the edition of choice for students of aesthetics and anyone with philosophical interests.

With its demand that works of art be judged according to the their morally didactic content, Tolstoy ' s reviled aesthetics has seemed to exclude from the canon far too many works widely accepted as masterpieces, including Shakespeare and Beethoven. This book, first published in 1985, argues that these are not mere oversights on the part of Tolstoy: he knew full well the consequences of his line of reasoning. The author contends that, even if we disagree with and eventually reject much of what Tolstoy concludes, his account of the nature and purpose of art is nevertheless worth consideration. Diffey ' s argument by no means accepts all of ' What is Art? ', but by suggesting that the work is best interpreted as a counterpoint to the amoral aestheticism prevalent in Russia at the time, he does much to restore it to a status deserving attention, particularly in today ' s climate of extreme relativism.

This title was first published in 2001: Tolstoy's view of art is discussed in most courses in aesthetics, particularly his main text What is Art? He believed that the importance of art lies not in its purely aesthetic qualities but in its connection with life, and that art becomes decadent where this connection is lost. This view has often been misconceived and its strength overlooked. This book presents a clear exposition of Tolstoy's What is Art?, highlighting the value and importance of Tolstoy's views in relation to aesthetics. Mounce considers the problems which exercised Tolstoy and explains their fundamental importance in contemporary disputes. Having viewed these problems of aesthetics as they arise in a classic work, Howard Mounce affords readers fresh insights not simply into the problems of aesthetics themselves, but also into their contemporary treatment. Students and interested readers of aesthetics and philosophy, as well as those exploring the works of Tolstoy in literature, will find this book of particular interest and will discover that reading What is Art? with attention, affords something of the excitement found in removing the grime from an oil painting - gradually from underneath there appears an authentic masterpiece.

"On the Significance of Science and Art" by Leo Tolstoy (translated by Isabel F. Hapgood). Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. Best known for his great novels, War and Peace and Anna Karenina, Tolstoy remains one the most important nineteenth-century writers; throughout his career which spanned nearly three quarters of a century, he wrote fiction, journalistic essays and educational textbooks. The specially commissioned essays in The Cambridge Companion to Tolstoy do justice to the sheer volume of Tolstoy s writing. Key dimensions of his writing and life are explored in essays focusing on his relationship to popular writing, the issue of gender and sexuality in his fiction and his aesthetics. The introduction provides a brief, unified account of the man, for whom his art was only one activity among many. The volume is well supported by supplementary material including a detailed guide to further reading and a chronology of Tolstoy s life, the most comprehensive compiled in English to date. Altogether the volume provides an invaluable resource for students and scholars alike.

This book examines the great Russian author's attitudes and philosophy toward artistic expression.
