CNET Download provides free downloads for Windows, Mac, iOS and Android devices across all categories of software and apps, including security, utilities, games, video and browsers

- CNET Download

The H2O release of Cubase SX3 has the main program and the dongle emulator in the same setup file, so you'd need to reinstall the whole thing. H2O's dongle emulator is a very effective piece of software, and in my experience does actually improve the performance of Cubase compared to when it's used with a hardware dongle.
