General Surgery - Horton General Hospital - NHS

Churchill Day Surgery. The Day Surgery Unit at the Churchill Hospital has been redesigned and refurbished to make it more comfortable and private for patients. The unit supports ten operating theatres where over 8,000 operations are performed each year - most of these are for patients with cancer. The majority of patients will spend time in the Day Surgery Unit as they wait to be admitted for their operation, and afterwards when recovering, before going home or being transferred to the wards.

General Surgery Clinic | North Oaks Health System

Outpatient surgery, also known as ambulatory surgery, day surgery, day case surgery, or same-day surgery, is surgery that does not require an overnight hospital stay. The term “outpatient” arises from the fact that surgery patients may enter and leave the facility on the same day. The advantages of outpatient surgery over inpatient surgery include greater convenience and reduced costs.
