14. 971. The primary mental health care program of Jamaica has critiqued and taken leaps toward decolonizing Global Mental Health (GMH) care in the service of attempting to address the impact that centuries of European racism and colonialism have had on the descendants of enslaved African peoples. Significant changes made to the system include the downsizing and deconstruction of colonial mental institutions, implementation of community mental health services, treating acute psychosis in ...

Decolonizing Global Mental Health through Jamaican Psychiatry

Dr. Roger I. Glass. A renewed effort to decolonize and democratize global health has recently been gathering steam, especially among college students, who are questioning the fairness of the existing framework and are calling for a shift in leadership and broader knowledge sharing. What does this mean for the research community?

Opinion: Decolonizing and democratizing global health are ...

Mullan emphasizes that decolonizing mental health is more than just doing research on cultural competence — the ability to understand and interact with people of different cultures. Instead, it's recognizing that for many Black, Indigenous and Brown individuals, the trauma from oppression and colonization plays a major role in their state of mental health.

Decolonizing mental health: The importance of an ...

Globally. Decolonizing our mind requires us to witness the Self, over and over again. To Decolonize our Therapy, we have to work on decolonizing our darn selves FIRST and really looking at our education, decisions, ways of living and how we are part of the exploitation of resources (Mother Earth), and people (labor).

Dr. Jennifer Mullan, Decolonizing Therapy — thecnekt

China Mills's book Decolonizing Global Mental Health challenges this view. It locates Global Mental Health firmly within contemporary and historic global political and economic contexts. It does so in a variety of ways, for example by comparing the assumptions that underpin the movement with those of British Colonialism, particularly in India.

Decolonizing Global Health: A Student Conference at the Harvard T.H. Chan School of Public Health. February 8th, 2019. Harvard T.H. Chan School of Public Health. 677 Huntington Avenue, Boston, MA 02115. 8:30 AM to 8:00 PM. Over the past two decades, the field of global health has become extremely popular, while remaining relatively ill-defined. Proposed definitions are generally depoliticized and include invocations of trans-national health issues and collaborations.

Harvard Chan Student Committee for the Decolonization of ...

Efforts to 'decolonize' global health on the rise Academics, activists, health practitioners, and others are working to minimize longstanding power imbalances in the global health arena that took root in the colonial era.

Decolonizing Global Health was a student-led conference held at Duke University on January 30th, 2020, and I had the true privilege of attending it. A truly impressive array of global health academics and practitioners presented their viewpoints on the question of decolonization in two panels.

On the importance of uncomfortable questions: Duke ...

Decolonising beyond the health sector, as this may have significant impacts, for instance on the social determinants of health. The idea that neoliberal capitalism has "stolen rest" was an opening statement that was used to link HPSR with mental hygiene in Africa.

Decolonizing HPSR - the Africa Convening | Health Systems ...

Global mental health is the international perspective on different aspects of mental health. It is 'the area of study, research and practice that places a priority on improving mental health and achieving equity in mental health for all people worldwide'. There is a growing body of criticism of the global mental health movement, and has been widely criticised as a neo-colonial or "missionary ...
