## **analysis with eVal**

Equity value, commonly referred to as the market value of equity or market capitalization, can be defined as the total value of the company that is attributable to equity investors. It is calculated by multiplying a company's share price by its number of shares outstanding

## **Equity Value - How**

# Download Free Equity Valuation And Analysis

## **to Calculate the Equity Value for a Firm**

The main purpose of equity valuation is to estimate a value for a firm or its security. 1 A key assumption of any fundamental value technique is that the value of the security (in this case an...
