Kobrak's Experiments in General Chemistry provides a complete first-year laboratory curriculum for students in scientific and pre-medical chemistry. The experiments represent a balance of synthesis and analysis experiments that meets the American Chemical Society's curriculum guidelines for breadth without sacrificing depth.

Experiment 1: General Chemistry

Solutions Manual  
Measured properties are characterized by their accuracy and their precision. When using measured values in calculations, it is most important to note that precision can neither be gained nor lost.
