Arguments For Against Facebook ...

The Digital Divide is a fascinating collection of essays that analyze, celebrate, and lament the digital world in the dawn of Web 2.0. Even though some of the essays were written over ten years ago and talk about entities that are no longer relevant (Friendster, for example), it is the themes in the essays that resonate and

Address The Digital Divide

Asked about the digital divide at his first news conference at the FCC in 2001, he said, “I think there is a Mercedes divide. I would like to have one, but I can’t afford one.” COVID-19 has demolished that argument, if it wasn’t dead already.

COVID and the Digital Divide

Download Ebook The Digital Divide

Digital Divide, or the digital split, is a social issue referring to the differing amount of information between those who have access to the Internet (specially broadband access) and those who do not have access. The term became popular among concerned

Pros of the digital divide The digital divide is often viewed as a selfish act enhanced by the capitalist to deny a given section of the society access to power that comes with information. Critics advocates for speedy bridging the digital gap, however, a sober look at the whole concept exhibit significant advantages.
