provisions in NFPA 72: National Fire Alarm and Signaling Code involving management of inspections, tests, and system impairments.

NFPA 72 (2013) Online Training Series

Fire control is a task in which all a firefighter's training, experience, and skills are put to the test. To a greater extent than any of a firefighter's many other job responsibilities, the task of fire control imposes extreme demands squarely on the shoulders of every responding firefighter, requiring each crewmember to contribute to the department's overall knockdown efforts with ...
